

What's your plan?

Not sure? Come to a FREE 1-Hour Workshop on Preparing for Everyday Risks & Major Disasters

LEARN

Practical things you can do to protect your FAMILY, HOME, and FINANCIAL FUTURE:

- How to identify and stay informed about hazards and risks in the community
- How to make a family emergency plan
- How to organize and safely store documents you'll need after a disaster to apply for assistance, make insurance claims, and take care of legal, financial, and medical needs
- What to ask your insurance agent to avoid gaps in coverage that could leave you uninsured for natural hazards, and how to prepare an insurance claim
- Ways to physically protect your home to avoid or reduce damage caused by natural hazards

Presented by:

GET

Tools and resources to help you take action:

- *Resilience Checklist* that gives you a personalized action plan for getting prepared
