PROFESSIONALLY SPEAKING

Empowering professionals to craft engaging presentations and deliver them with confidence!

Your professional image is composed of visual, vocal, and verbal messages. The ability, or lack of ability, to speak with power and confidence has a direct impact on personal and professional opportunities. You must be able to clearly communicate key messages in order to best represent your organization. This one-day interactive workshop will equip you with expert techniques for public speaking and presentation management. You'll have an opportunity to apply what you've learned by practicing in a dynamic environment.

Our Instructors

You will learn to:

- Craft powerful and engaging messages
- Use visual aids effectively
- Overcome public speaking anxiety
- Wield a vocabulary of non-verbal communication

Led by expert faculty from The University of Alabama's College of Communication, this workshop will give you the confidence and poise you need to succeed. Find out more on our website, professionallyspeaking.ua.edu.
